

Permanent Mission of the Islamic Republic of Iran
to the United Nations Office and other International Organizations in Geneva

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Statement

By

H.E. Mr. Ali BAHREINI

Ambassador and Permanent Representative of the Islamic Republic of Iran
to the United Nations Office and other International Organizations in Geneva

On the occasion of the 46th National Day of the Islamic Republic of Iran

Geneva, 10 February 2025

**Excellencies,
Esteemed Ambassadors
Distinguished Guests and Delegates
Ladies and Gentlemen,**

Good evening and Welcome!

We appreciate you for joining us and enriching this ceremony on the occasion of the Islamic Republic of Iran's National Day.

Tonight, we mark the 46th anniversary of the establishment of the Islamic Republic of Iran in 1979.

Dear Colleagues and Friends,

The victory of the Islamic Revolution in Iran, as a symbol of glory, greatness and dedication of the Iranian nation, was the beginning of the rule of spiritual values.

The realization of the Islamic Revolution's aspirations, resonated the Iranian people's outcry for respect for beliefs, social justice, democracy, independence, and the rule of law, around the world.

The Islamic Revolution has initiated a historical process that is now undergoing

its stages of progress to the lofty goals for the nation of Iran.

The Islamic Revolution is a brilliant moment in the liberation of the Iranian people and unprecedented and inimitable turning point in ascertaining the destiny of our country.

Despite all vigorous odds and formidable challenges from the early days of the Revolution, the Islamic Republic was able to achieve remarkable progress through self-reliance, resilience, endurance, strong-willed, unwavering courageous endeavor, ever since.

During the past forty-six years, the Islamic Republic of Iran, has recorded scientific leadership and progress in various areas such as (from) modern medicine and surgery, stem cells, production of radiopharmaceuticals and recombinant drugs, nanotechnology, biotechnology, robotics, space science, the construction and use of indigenous satellites, business development in cyberspace, self-sufficiency in industrial products, expansion of knowledge-based agriculture like hydroponics, to peaceful exploitation of nuclear technology.

In the context of global challenges in recent age; our efforts, initiatives and priority for human rights, is undoubtedly worthy of commendable and gratitude.

The Islamic Republic of Iran inspired by the religious teachings and on the basis of its principled stances continues in upholding and the pursuit of advocating the human dignity, respect, and equality regardless of race, gender, and nationality.

The Islamic Republic of Iran reaffirms and reiterated its commitments to strength the spirit of reliable mutual cooperation and to ensure prevailing peace and prosperity, and stability in the region for a more compassionate and equitable world and to keep going toward a brighter future.

I would also like to thank you all for your esteemed presence, tonight.
